Dutch Springs is a beautiful blue water quarry with a multitude of dive sites including a helicopter, a school bus, a trolley car and several different types of boats, an airplane and many more attractions. Dutch Springs has the best visibility for an inland lake in the Northeast (20-30ft of visibility). There are more than 30 platforms which make great areas to practice our skills. Dutch Springs has an Aqua Park (open seasonally) for kids to play on and an area with lawn chairs for adults to relax, so it is a great place to bring the family while you are doing your dives.
