## Scuba Refresher Course Description

Congratulations on deciding to take a Scuba Refresher course! A scuba refresher is the ideal way to review your skills before your next dive trip. In order to maximize your training program please read this document carefully. All the information contained in this course description is essential for the successful completion of your training.

### Prerequisite (bring your certification card with you)

- Open Water certification

### Class Schedule

The scuba refresher course lasts approximately 2 hours and is offered monthly in various locations. This class is meant to REFRESH scuba diving water skills, not to reteach them entirely. If you have not been diving for an extended period of time, please contact us to make sure that the level of instruction in this course is appropriate for your needs.

### Preparation

Before you arrive for your class, there are three things you must have:

- Paperwork
- Open Water (or higher level) Certification Card
- Mask, snorkel, fins

### Paperwork

In order to facilitate the progress of class, it is imperative that all students have their paperwork complete. You must have all of these forms completed **BEFORE** you come to your first class.

### Please complete the following:

- Diver Information Sheet
- PADI Medical Statement: **Please go over the Medical Statement form as soon as possible.** All answers on the Medical Statement must be either "Yes" or "No" (not "Y" or "N") and if you answer "YES" to any of the questions then you **must** have your doctor sign-off that you are medically permitted to undertake scuba diving. The Physician's Statement is included with the Medical Statement form. The Instructor **does not** have authorization to waive the Physician's Statement requirement. **If you arrive for the class without medical clearance (if you checked "yes" on the medical form but did not see your physician), you will not be able to dive and will not receive a refund.** Please see our cancellation policy for more information.
- PADI Liability Release-General Training
- PADI Safe Diving Practices

These forms are also available online: <http://atlanticedge.com/page/forms>

### Gear

Atlantic Edge Scuba will provide you with a BCD, regulator, tank, and weights for your course. **You** are responsible for your mask, snorkel, and fins. If you do not have this equipment, one of our staff members would be happy to help you rent or purchase it.

## **Checklist**

This checklist will help you ensure that you have everything you need prior to class:  
(all gear listed below is *required* for your course)

- PADI Paperwork
- Open Water Certification card or higher
- Mask, Snorkel, and Fins
